FOR POLO MATCH

lenge for International Play Until 1921.

War Has Played Havoc With

There will be no international polonext year. This was made known yesterday, when William A. Haxard, secretary of the American Polo Association, made public a letter he received from Viscount Valentia of the Hurlington Club of London. The British club has resumed the sport, but owing to the war its members are without sufficient ponies to mount an international team.

The Viscount ways that his team prob-

Your association has on former oc-casions met us with such sportsman-like consideration that I feel they will once more be disposed to fall in with our proposal, and appreciate that our anxiety is to make our next con-test worthy of the record which our friendly rivalry of past years has es-tablished.

We are looking forward with much pleasure to meeting in the polo field, and the fact that the two nations have been so happily associated in a victorious campaign will add to our pleasure in welcoming polo players from the United States.

Mr. Hazard's reply to Viscount Valents follows:

by 1921 your men and mounts and ours will be in better form than would be possible in 1920.

As you suggest, it is therefore quite satisfactory to the Polo Association to abandan all thought of challenging for 1920, and we shall hope that circumstances will permit of our doing so for 1921 and that your club will be in a position to

18 Weeks Road Work Waived After Conference of Leading Cueists at Daly's.

A note of discord yesterday marred the harmony of the seven billiard ex-perts who are announced to start in the national championship teurney at the Hotel Astor next Monday, and white Hotel Astor next Monday, and while the trouble was eventually smoothed out, there was much ill feeling for the time being. It appears that Schaefer, Cochran and Morningstar objected to that condition of the tournament which required the winner and the runner up to go on an exhibition tour of eighteen weeks immediately following the tourney. The trio objected to this trip and intimated that unless the condition was changed they would refuse to compete in the tourney. A meeting of the players and management was held at Maurice Daly's room last night and the

Special Desputch to THE BUN. AMHERST, Mass., Oct. 17.—The Amerst football feam will go to Hartford o-morrow to meet Trinity. It is the to-morrow to meet Trinity. It is the general feeling that Amherst has nothing to fear from the Connecticut team, but that it should roll up a large score. Special emphasis has been laid upon defensive plays planned to meet the attack which is expected from Trinity. Brisk, Demarest and Zinc, who have played a steady, dependable game all season, are expected to make long gains.
